24.6.2024

COUNCIL DECISION (CFSP) 2024/1738

of 24 June 2024

amending Decision 2014/145/CFSP concerning restrictive measures in respect of actions undermining or threatening the territorial integrity, sovereignty and independence of Ukraine

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on European Union, and in particular Article 29 thereof,

Having regard to the proposal from the High Representative of the Union for Foreign Affairs and Security Policy,

Whereas:

- (1) On 17 March 2014, the Council adopted Decision 2014/145/CFSP ⁽¹⁾.
- (2) In its conclusions of 21 and 22 March 2024, the European Council reaffirmed the Union's steadfast support for Ukraine's independence, sovereignty and territorial integrity within its internationally recognised borders and recognised Ukraine's inherent right of self-defence against the Russian aggression. The European Council also called for further steps to weaken Russia's ability to continue waging its war of aggression, including by strengthening the sanctions.
- (3) In view of the gravity of the situation, it is appropriate to adopt further restrictive measures.
- (4) In particular, the Council considers that 69 persons and 47 entities responsible for actions undermining or threatening the territorial integrity, sovereignty and independence of Ukraine should be added to the list of persons, entities and bodies subject to restrictive measures set out in the Annex to Decision 2014/145/CFSP.
- (5) It is appropriate to introduce a derogation allowing the release of funds that were frozen due to the involvement of a listed intermediary bank in their transfer, under the conditions that the transfer is between two non-listed natural or legal persons, entities or bodies and is carried out using accounts at non-listed credit institutions. Additionally, it is appropriate to introduce a derogation allowing the release of funds that were frozen due to the involvement of a listed issuing bank in their transfer, under the condition that the transfer is between two non-listed natural or legal persons, entities or bodies.
- (6) In line with the Union's common foreign and security policy objectives of preserving peace, reinforcing international security and promoting international cooperation, democracy and the rule of law, and more specifically the objectives pursued by Decision 2014/145/CFSP, it is appropriate to ensure that the documents held by the Council, the European Commission and the High Representative of the Union for Foreign Affairs and Security Policy (the 'High Representative') concerning the enforcement of the restrictive measures set out in that Decision or in Council Regulation (EU) No 269/2014 ⁽²⁾, or concerning the prevention of the violation or circumvention of those measures, are subject to professional secrecy and enjoy the protection afforded by the rules applicable to the Union institutions, since information contained in those documents could be used to obstruct the enforcement of those measures or to compromise their effectiveness, given that the persons and entities concerned could act in such a way as to prevent their enforcement. That protection should also be ensured for proposals from the High Representative for the amendment of Decision 2014/145/CFSP and any related preparatory documents, as their disclosure might affect the effectiveness of the measures set out in that Decision or in Regulation (EU) No 269/2014 and the preparation of, and negotiation on the basis of, future proposals. Certain measures which are included in such proposals, and which cannot be adopted by the Council for various reasons, are often included by the High Representative and the Commission in subsequent proposals. It is important to protect that power of initiative from any influence exerted by public or private interests that attempt, outside of organised consultations, to compel the Union institutions and Union services to propose, adopt, amend or agree on an amendment. Their disclosure could render the possible new asset freeze measures ineffective due to the fact that their intended adoption would have already been revealed. Thus, it should be presumed that disclosure of those documents would harm the security of the Union or that of one or more of its Member States or the conduct of their international relations.

⁽¹⁾ Council Decision 2014/145/CFSP of 17 March 2014 concerning restrictive measures in respect of actions undermining or threatening the territorial integrity, sovereignty and independence of Ukraine (OJ L 78, 17.3.2014, p. 16).

⁽²⁾ Council Regulation (EU) No 269/2014 of 17 March 2014 concerning restrictive measures in respect of actions undermining or threatening the territorial integrity, sovereignty and independence of Ukraine (OJ L 78, 17.3.2014, p. 6).

(7) Decision 2014/145/CFSP should therefore be amended accordingly,

HAS ADOPTED THIS DECISION:

Article 1

Decision 2014/145/CFSP is amended as follows:

(1) in Article 2, the following paragraphs are added:

‘31. By way of derogation from paragraphs 1 and 2 of this Article, and provided that the funds concerned were frozen as a result of the involvement of a legal person, entity or body listed in the Annex to this Decision acting as intermediary bank during a transfer of those funds from the Russian Federation to the Union, the competent authorities of a Member State may, under such conditions as they deem appropriate, authorise the release of certain frozen funds, after having determined that the transfer of such funds is:

- (a) between two natural or legal persons, entities or bodies that are not listed in the Annex to this Decision;
- (b) carried out using accounts at credit institutions that are not listed in the Annex to this Decision; and
- (c) not in breach of paragraph 2 of this Article.

This paragraph shall not apply in relation to frozen funds or economic resources held by Central securities depositories within the meaning of Regulation (EU) No 909/2014.

32. By way of derogation from paragraphs 1 and 2 of this Article, and provided that the payment concerned was frozen as a result of a transfer from the Russian Federation to the Union initiated through or from a legal person, entity or body listed in the Annex to this Decision, the competent authorities of a Member State may, under such conditions as they deem appropriate, authorise the release of that frozen payment, after having determined that the transfer of that payment is:

- (a) between two natural or legal persons, entities or bodies that are not listed in the Annex to this Decision;
- (b) not in breach of paragraph 2 of this Article.

This paragraph shall not apply in relation to frozen funds or economic resources held by Central securities depositories within the meaning of Regulation (EU) No 909/2014.

The beneficiaries of a transfer as referred to in the first subparagraph of this paragraph shall only be nationals of a Member State, of a country member of the European Economic Area or of Switzerland, or natural persons having a temporary or permanent residence permit in a Member State, in a country member of the European Economic Area or in Switzerland.

One authorisation per applicant may be granted under this paragraph.

The Member State concerned shall inform the other Member States and the Commission of any authorisation granted under this paragraph within one week of the authorisation.’;

(2) the following article is inserted:

Article 4a

1. Any document held by the Council, the Commission or the High Representative of the Union for Foreign Affairs and Security Policy (the “High Representative”) for the purpose of ensuring the enforcement of the measures set out in this Decision, or of preventing the violation or circumvention thereof, shall be subject to professional secrecy and shall enjoy the protection afforded by the rules applicable to the Union institutions. That protection shall apply to the proposals from the High Representative for the amendment of this Decision and to any preparatory documents related to them.

2. It shall be presumed that the disclosure of any documents or proposals referred to in paragraph 1 would harm the security of the Union or that of one or more of its Member States or the conduct of their international relations.’;

(3) the Annex is amended in accordance with the Annex to this Decision.

Article 2

This Decision shall enter into force on the date of its publication in the *Official Journal of the European Union*.

Done at Luxembourg, 24 June 2024.

For the Council

The President

J. BORRELL FONTELLES

The following persons and entities are added to the list of persons, entities and bodies set out in the Annex to Decision 2014/145/CFSP:

In 2020, the Russian Ministry of Education and Science became one of the co-founders of the Institute for Internet Development, which has the goal of “the production and placement of content on the Internet, aimed at strengthening civic identity and spiritual and moral values among young people”. This illustrates that the Institute for Internet Development is under the direct influence of the Russian Government.</p> <p>The Institute for Internet Development funds projects in the audio-visual sector, such as TV series, videogames and movies which support Russia's war of aggression against Ukraine. Its budget consistently grew since the beginning of Russia's full-scale invasion of Ukraine in February 2022. To that end, the Institute for Internet Development is an essential element of the Kremlin's propaganda about the war in Ukraine and therefore supports and implements actions which undermine Ukraine's territorial integrity, sovereignty and independence. Due to the funding and budget received from the Russian Government, the Institute for Internet Development furthermore benefits financially from the Russian Government, which is responsible for the annexation of Crimea and the destabilisation of Ukraine.</p>	24.6.2024
